Dear Mr. Roe,—

I have planned several times to call on you at the Museum,— in fact I did get there one day when you were absent. I am leaving New York City today — and am sorry to miss seeing you again —

I do not know whether the enclosed badges are of interest to you — or the Society — but I am glad to dispose of them —

With cordial greetings —

Yours faithfully

A. L. Warnshuis

Rev. A. R. Warnshuis,

New York City.

Dear Mr. Warnshuis:-

I received your letter yesterday enclosing the two badges. Thank you very much indeed. We did not have either of them, and are very glad to add them to our collection.

I am sorry to have missed seeing you when you called, and sorry also that you did not have an opportunity to come a second time. I gather from your letter that you do not contemplate returning to New York before starting again for China. Should you see Shafer, Strien or Ryder in Japan, or Thompson in China, I wish you would say that I asked to be remembered to them, and as you will doubtless see your brother before I do I would appreciate it if you would convey my most cordial greetings to him.

With renewed thanks for your gift, and with best wishes for yourself and your work, I am,

Yours very sincerely,

Secretary.
